UNIVERSITY OF NEBRASKA-KEARNEY
FEATURING MIKE SMITH

Mike Smith lives his life as a "professional teenager" that doubles as a youth motivational speaker and action sports personality. He has founded two non-profits and influenced hundreds of thousands of youth in schools nationwide. While other professional speakers struggle to remain current, Mike stays relevant by talking about what he's doing, not what he's done.

Teaching kids how to implement Project UNIFY into their schools, and discussing different campaigns to use. A whole day about your ideas and making YOU a part of Project UNIFY!
