

## What's a Leadership Workshop, Anyway?

Ready for the best week of your summer? Good. Because the NASC Summer Leadership Workshops — powered by Launch Leadership — are the most fun, valuable and inspiring five days you can have this summer.

With hands-on activities, fun large group sessions and the guidance of the Launch Volunteer Staff (formerly the NASC Volunteer Staff), you'll get to learn new things, meet new people and find out how dynamic of a leader you can be.

We believe in learning from each other, learning about ourselves and learning how to apply all of those lessons to our everyday life. That's what you'll get at our Workshop. That, and morning dance parties, ice cream eating contests and new best friends.

So let's go! Register today, and bring a few friends. We can't wait to see you this summer!

## Introducing Launch Leadership

Formerly the NASC Volunteer Staff, Launch Leadership is a new non-profit leadership development group. Consisting of the same Volunteer Staff, Launch coordinates and facilitates leadership services for groups like NASC, and others. We're the same friendly faces, with the same activities and love for leadership — just with a new name and the ability to expand our reach to other leadership organizations.

Questions about Launch? Contact Executive Director Lincoln Arneal at 402-440-6844 or [lincoln@launchleadership.org](mailto:lincoln@launchleadership.org).

2013 SUMMER LEADERSHIP WORKSHOPS

powered by **LAUNCH**

# JAM

JUNIOR HIGH & MIDDLE SCHOOL  
LEADERSHIP WORKSHOP

entering grades 6 - 8

**“Workshop made me more confident so I could actually be a leader. It also taught me good problem solving and decision making skills that I didn’t have before workshop!”**

– Lindsey Sutton

If you’re a middle school student looking to become involved as a leader in your school or as a future leader in your high school, JAM is for you. NASC’s JAM Workshop will equip you with the skills you need to excel as a leader in your school and community.

Each day, you’ll work with other students to learn and apply a variety of leadership skills through activities that are led by the Launch Volunteer Staff. You’ll learn principles like goal setting, decision making, time management and meeting facilitation. We use what we call “three-dimensional leadership,” which teaches you to excel as an individual, in one-on-one situations and as members and leaders of a group. Most of all, we have fun with each other, learning and engaging in fun activities like a pool party, marshmallow launchers, messy Olympics and other outdoor activities!

You’ll also get to connect with students like you from all across the state. You’ll share ideas with them, learn what they do in their schools and work together to develop your own leadership skills.

# SLW

SENIOR HIGH  
LEADERSHIP WORKSHOP

entering grades 9 - 12

**“Workshop taught me to really open up to people and respect the opinions of others more than I had before. It also taught me to be courageous and have determination with everything I do.”**

– Stephen Reis

You may have never taken a leadership class in high school, but when you venture out into the real world, you’ll learn just how important leadership skills can be.

That’s where SLW comes in. In five days, we’ll empower you with the leadership skills you need to take charge and become an effective leader in your school and community.

You’ll also have a lot of fun doing activities such as performing skits, playing impromptu foursquare games and dancing at each day’s “Morning Jam.” Delegates often call Workshop the best week of their summer, and one of the best experiences of their high school career.

We create a hands-on learning environment where you’ll work with other high school leaders from across the state to discover how to make decisions, work in groups and tap into your potential.

It’s a stepping stone to the real world, with a dedicated staff of leaders from across the country to show you what you’ll need when you get there.

# ALW

ADVANCED  
LEADERSHIP WORKSHOP

entering grade 12, previous attendee

**“Workshop helped to develop skills like organization, decision making and communication that ultimately made me a better leader and person.”**

– Breanna Fye

Advance your abilities. Advance your community. Advance yourself.

If you’ve attended Senior High Leadership Workshop and you’re ready to take the next step, ALW will challenge, inspire, equip and excite you to be the best leader you can be.

ALW is designed with risk-takers in mind. Our curriculum focuses on the concept of community; exploring what communities you’re a part of, how you fit into them and how you can impact them. We’ll cover political involvement, issues of diversity, controversial topics and more.

Of course, this is still Workshop. So you can expect an exciting week with fun, fresh traditions, new and old friends and lasting memories.

We developed ALW for advanced leaders who want to expand on the skills they have and gain new insights into leadership. And you’ll do just that, with a group of accomplished student leaders from across the state by your side.
